# A GREAT BLESSING TO THE AFFLICTED.

The number and formidable character of diseases of the Liver have long challenged the attention of medical men. Some of these diseases, classed under the general term of Consumption, have been supposed incurable, and the unhappy patient allowed to die, without medical science to offer him a hope of recovery. Happily this can no longer be the case A remedy has been found which will cure complaints, of whatever character, arising from derangement of the Liver. The Pills discovered by Dr. McLane, of Virginia, act directly on the Liver; and by correcting its operation, and purifying it from disease, cuts off and extirpates the complaints which have their origin in the diseases of this organ. Remedies hitherto proposed for liver complaints have failed to operate upon the seat of the disease; but Dr. Mc-Lane's Pills make themselves felt upon the action of the Liver, and, by cleansing the fountain, dry up the impure streams of disease, which thence derive their AT Purchasers will be careful to ask for Dr. Mc

To those persons who may visit Washington, and are in want of a boot that cannot be excelled, either are in want of a boot that cannot be excelled, either in quality or workmanship, we would call their attention to the eard of Henry Janney, to be found under the head of "Washington." A handsome and neathy-made boot is not at all times a source of pleasure to the wearer, but often one of extreme torture; this is caused by the bungling manner in which the boot is fitted to the foot. Mr. Janney has devoted much of his time in studying the construction of the human foot, in order to ascertain how a boot should be cut and fitted, that will be perfectly easy to all parts of the foot. In this he has succeeded, so that it matters not what may be the shape of, or the number of corns on the foot, his boot is perfectly easy. Thus he has combined beauty with comfort.

THE CONFLICT OF AGES! BY DR. EDWARD BEECHER. Remarkable Work has reached its Fifth

Edition, in the brief space of Four Months! A success unprecedented in Theological Pub. lications!

A N impression has already been produced by this masterly treatise, the most profound, wide reaching, and permanent.

It is perfectly manifest to all competent observers, that we are upon the eve of a theological discussion, the most comprehensive, radical, and portentous, the world has ever seen. To this discussion this book leads the way, with a momentum irresistible. There is not a question in Theology which is not destined to come up for a new and thorough settlement in the light of this final development.

light of this final development.
All those who have Theological doubts and difficulties should examine the solution this work affords.
Those who have no doubts, but who wish to study Those who have no doubts, but who wish to study the history of opinions in the past, and to keep pace with the developments of opinion in the future, will grievously err if they neglect to make themselves familiar with this book. It contains the seeds of the thinkings and debatings of the next hundred years.

The reception of this work by the The logical press of the country, has been significant. Equally declining to accept his conclusion, they do it on opposite and contradictory grounds. One half of the Theological press endorses the major premise of the Theological press endorses the major premise of the argument, and denies the minor. The other half endorses the minor, and denies the major. And as they are probably both right in their positive element, and wrong in their negative, the work has received a Virtual Endorsement of the most powerful kind.

As regards the ability of the work, and its claims on the attention of all, the following extracts may suffice:

From the Princeton Repertory—Old School Orthodox.
It is characterized by great ability, by an earnest spirit, by frankness, candor, and courtesy. It has a special interest for us. WE HAIL IT AS AN ALLY.

It would be difficult to find within the limits of a hundred pages any treating or even that one or the state of th hundred pages any treatise or essay that can com-pare in importance with this analysis (B. iv) of Or-thodox doctrines. Dr. Beecher has struck upon the

It is sale and pleasant to the taste, it brings immediate relief, and all who test its currative virtues rejoice in the remova of pain, and marvel at its power in alleviating so general, and often so fatal, a scourge The following is from D. DEAR SIR: A member of my family—a daughter, ten years of age—was afflicted with the sick headache, and we tried various remedies without success. When, however, you administered to her your "Headache Powders," we found them to be very beneficial, and, in fact, restored her to health.

I should, without hesitation, recommend them to those afflicted; and I beg to assure you, that I fully appreciate their value.

appreciate their value. Respectfully yours, LYNN, August 6, 1853 Dr. E. P. Eastman.

My Dear Sir. I avail myself of this opportunity to express to you my high appreciation of the efficiency and value of your Sick Headache Remedy. I have been afflicted, since my childhood, with very severe turns of sick headache, and have tried various remedies which have been prescribed, but found no considerable relief until I tried your remedy, which, I am happy to say, has almost entirely cured me. Several of my neighbors and friends have tried your medicine, and in every instance it has entirely relieved or greatly mollified the disease.

Faithfully yours.

We shall sell cheaper than we ever have done; and in having one price only (which, in our opinion, is the only fair and equitable way of doing business) we shall maintain our self-respect, which is above all price or success. Moreover, we expect to retain all the trade of those prompt customers who have made their purchases of us for some years past, and doubt less we shall have a large accession of new customers, who prefer to buy where one fair price only is asked.

We feel that our simple word is requisite only to satisfy our former customers that the one price sys-tem is the correct one, and to their advantage; and we do not hesitate to assert our belief that all candid we do not bestiate to assert our belief that all candid and intelligent persons will, after an impartial exam-ination of prices, fabric, and styles, give a one price store the preference. Those who are not judges of goods cannot fail to be impressed at once with the manifold and vast advantages to the purchaser re-sulting from the adoption in good faith of the one price system; it necessarily insures low prices to the purchaser, for it becomes absolutely necessary to meet at the start all competition that can be offered in prices.

Our scale of prices will be so low, and the profits so small, that we cannot and will not sell but for the cash or to customers who pay promptly. For those who purchase very largely, or to sell again, reductions will be made.

More Home Testimony. PHILADELPHIA, March 1, 1853

DEAR SIR: For the past two years I have been severely afflicted with Liver Complaint, Dyspepsia, and Piles, suffering constantly the pains and 'nconveniences attendant upon such complaints, without energy, being scarcely able to attend to any business. I used a great deal of medicine, without any apparent change until I used your "Hoofland's German Bitters." They have entirely cured me. I am now entirely free from pain and ache of any kind, and feel like a new man in every respect, and unbesitatingly recommend your Bitters to all invalids.
